ART FOR INDEPENDENT LIVING SHOWCASE

Zy Movement Foundation x Bangkok Art and Culture Centre
August 18th - 23rd, 2020
HELLO!
HOPE EVERYONE'S STAYING HEALTHY.
Before we start, make sure you know about our CHAMPION:

Our champions are the CHILDREN with MOVEMENT DISABILITIES who have difficulties with BALANCE, TALKING, EATING, POSTURE, SPASMS and MUSCLE WEAKNESS or TIGHTNESS and the CHILDREN with AUTISM.
They are actually just DIFFERENTLY-ABLED

These children can do most of things just like everyone else in their own ways with supporting facilities aka FRIENDLY DESIGN, which should be available for all people in society regardless of age, sex, language, physically or mentally conditions.

By raising awareness with the right attitude about these children and accepting the differences of each individual will make a better change in our society and create an INCLUSIVE SOCIETY for all of us to live in.
WHAT'S IN THE SHOWCASE?
Concepts and Definitions

- To showcase the Art for Independent Living outcome, showing 10 art pieces from 10 children with movement disability, and the products from theirs.
- To empower the People with Disabilities to prove their difference ability which is able to live independently in society based on equity theory.
- To raise public awareness on Differently-abled and Independent Living.
